Christmas wreath amnesty...

As many of you will know, at this time of year we allow biodegradable wreaths to be placed on graves.

Please ensure that these do not contain any plastics, glitter and so on.

There will be bamboo pegs by the office door - these can be used to fix it in place.

You can find more [useful info](#) on this and a list of local suppliers on our website.

We welcome to rest...

In the second half of 2025 we have welcomed:

Terry, Christopher, Sheelagh, Derek, Hannah, Peter, Stephen, Margaret & Alan, David, Deanna, Yvette, Ralph, Tony, Susan & Peter H. Pauline will join her new & extended Penlow family this week.

Welcome all.

Continued refresh...

We are still working away at replacing various items that have reached the end of their (mainly wooden) lives.

We plan to install a picnic table at the bottom of the field where we used to have the storage shed.

We will extend the path down to this area.

Autumn/Winter 2025 Newsletter

Winter burial times... between 11am & 1pm

Whilst we are in the period of shorter daylight hours our burial times are reduced. This is to ensure that you have the time you need to say goodbye to your loved one and allowing Atlantic Rest staff the time needed to tuck that person in safely, with love.

Yellow rattle harvest...

We've had an incredible harvest of yellow rattle from the main meadow area this year - this seed has been spread all over the burial areas to steady the grass growth, helping the wildflowers to thrive.

Fruit and herb offerings...

If you are no stranger to foraging and know your sloes from your alder buckthorn berries or can tell the good mushrooms from the bad - please feel free to forage on your visits.

If you can make use of some fruit or berries for a crumble or jam, or use some fresh herbs on your cooking - don't be shy.

There is plenty to go round - the wildlife can't manage it all - it's a shame to see it wasted.

Tree planting...

We have started to plant trees now in this season on your loved ones' resting spots. We always offer for families to attend if they wish to. We have a family tree planting day planned for Saturday 17th January 2026.

As previously publicised - the coppice will get its trim this winter - look out for its fresh new appearance in the New Year.

until next time...very best wishes to all.
